

iCAPTURE Privacy and Confidentiality

Protecting patient/ research subject privacy is very important at the iCAPTURE Centre. As a public body and a steward of patient/ research subject personally identifiable information, the iCAPTURE Centre is responsible for the protection of all personal information under its custody and control and is accountable for protecting the privacy and security of all personal information in accordance with existing legislation, public expectations and internationally accepted fair information practices.

For detailed information on our policies and procedures, iCAPTURE Centre study consent forms or our directory of personal information, please contact:

Jacqui Brinkman, MSc
Privacy Facilitator
jbrinkman@mrl.ubc.ca

Richard G. Hegele, MD, FRCPC, PhD
Privacy Officer
rhegele@mrl.ubc.ca

To request a change to your personal information held in the iCAPTURE BioBank, or if you have a concern regarding our privacy practices, please complete a *Change Request and/or Challenging Compliance Form*.
